

Intelligent 9 USB Duplicator UB930 Silver & Gold Editions

Apart from inheriting the high-speed performance and well-recognized compatibility with diversified media, the Intelligent 9 duplicators not only support duplication of large target count and capacity to meet high-volume demands, they also help users examine flash cards by providing the most accurate testing results known today. Through user-friendly interface, the new Intelligent 9 duplicators can be operated standalone with no steep learning curve for users to climb. Their ergonomic design facilitates efficient operations by letting users easily insert and remove flash cards, and the 80%-reduced footprint compared with their peer in the market has led to better space utilization and freight savings.

With diversified media duplicator offerings and customer-oriented philosophy, U-Reach has long been recognized as industry leader. The new Intelligent 9 Series, which have broken the traditional thinking & limit from of duplicator, is anticipated to soon take up crucial role at the diversified media duplication stage; and it will certainly become must-have tools for people in search of high-end quality.

Features

- ⊙ Ultra high transmission speed up to 1.9G/min. Each flash slot channel is independent from each other.
- ⊙ Real multi-task processing capability. No matter copy, compare, media check and format are all independently executed. Each flash slot has an independent control processing unit. So, during asynchronous copy, it can use button to check the status of each flash media status and progress.
- ⊙ Powerful H3/H5 quality check machine for capacity, speed and flash quality check.
- ⊙ Not a PC system, no risk of virus infection. Instant power on and off.
- ⊙ One-touch copy. Real time information will be shown on the LCD screen.
- ⊙ Support Synchronous and Asynchronous copy/compare/ erase/ format/ media check /speed check.
- ⊙ Ultra high speed bit by bit hardware comparison.
- ⊙ Different copy speed selection is available for different quality level flash medias.
- ⊙ Special speed selection function to filter out qualified flash media in QC process.
- ⊙ Burn-In test & Log Report function are built in for advanced industrial application.(Only on Golden series)

Specification

Model Number	UB930S / UB930G	
Targets	29 Ports	
Operation	Stand Alone	
Media	USB	
Support Language	English, Japanese, Chinese	
LED	LED(Green/Red) on each slot	
Input	4 push buttons (Forward, Backward, OK, Esc)	
Temperature	Operating	0°C ~ 75°C
	Storage	-20°C ~ 85°C
Humidity	Operating	20%~80%
	Storage	5%~95%
Power Supply	12V adaptor
